

India Privacy Addendum to Comcast Website Privacy Policy and Comcast Candidate Privacy Statement

This India Privacy Addendum to the Comcast Website Privacy Policy and Candidate Privacy Statement (this “India Privacy Addendum”) sets forth additional terms that apply to personal information collected on this Comcast India Careers website. Comcast cares about protecting personal data. Therefore, where the terms of this India Privacy Addendum conflict with the Comcast Website Privacy Policy or the Candidate Privacy Statement, the terms in this India Privacy Addendum will apply to data collected on the Comcast India Careers website.

This India Privacy Addendum explains how Comcast India Engineering Center I LLP (“Comcast India”) collects personal information (“PI”) and sensitive personal information (“SPI”), as defined under the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011, when you use this website or other websites that link to this India Privacy Addendum.

If you have questions or concerns about this Addendum, the Comcast Website Privacy Policy, or the Comcast Candidate Privacy Notice, you may address them to the Comcast India Human Resources Officer whose name and contact details are as follows:

Comcast India Human Resources Manager (Grievance Officer for Privacy):

Vijay Prasad

VijayPrasad_Sundararajan@comcast.com

The data collected from this India Careers website and through the candidate application process will be collected and retained by **Comcast India Engineering Center I LLP** in India and **Comcast Communications Management, LLC**, in the United States. Comcast will ensure that any affiliates or third-party service providers to which SPI is transferred provide the same level of data protection as Comcast India.

The Categories of Data That Comcast Collects When You Use This Website:

All references to “personal data” in the Comcast Website Privacy Policy are deemed to mean “PI” under this India Privacy Addendum with respect to PI and SPI collected on this Comcast India Careers website. In addition to the categories of data listed in Comcast’s Candidate Privacy Notice, the following categories of SPI under the India Information Technology Rules are collected during the job application process: Passwords

Security

Comcast has implemented generally accepted industry standards for information security to protect the personal data submitted to Comcast, both during transmission and at rest. Comcast does not currently implement a standard that meets the IS/ISO/IEC 27001 security standard at this time.
